## Summary

University of Florida Honors | Geoscience Graduate with a passion for technology and the natural world. I specialize in JavaScript and have trained with GIS products, Python, SQL, MongoDB, React, Node, Express.js, HTML, CSS, Git/Github, WordPress, Microsoft Office, Google Suite, and Adobe Suite. I have a strong foundation in software and web development, graphic design, geographic information systems analysis, and the geological sciences.

Take a look at my portfolio, and let's get in touch! <https://bstefansen.github.io/Portfolio/>

## Experience

### Founder

#### Get Sufficient

May 2020 - Present (2 months +)

- Founded Get Sufficient: an online media WordPress blog about self-sufficiency and sustainability.
- Configured domain, hosting, Google Analytics, and back-end security.
- Deployed custom CSS and HTML.
- Customized and configured diverse plugins and themes.

### Associate Field Geologist

#### TERRA-COM Environmental Consulting, Inc.

May 2019 - Jun 2019 (2 months)

- Collaborated with geologists in preparation of site assessments.
- Executed groundwater sampling field services compliant with FDEP regulations.

### Office Assistant

#### Florida Credit Union

Jan 2016 - Apr 2019 (3 years 4 months)

- Launched first annual cost analysis report of office supplies, informing senior management on optimizing annual savings.
- Developed and managed ordering systems and databases for company supplies through Smartsheet and Excel, streamlining ordering procedures for company branches and departments.
- Reduced vendor pricing of office supplies and supervised inventory of corporate office to enhance workflow for office personnel.
- Drafted and optimized procedures for diverse office tasks.

### Customer Service Representative

#### Walgreens

Oct 2015 - Dec 2015 (3 months)

- Managed the front register and interacted with customers.
- Maintained receipts and answered incoming phone requests.
- Gave appropriate change, requested price checks, and rung up sales.
